February 21, 2011

The Honorable Board of District Judges: The Honorable Commissioners' Court: Lubbock County, Texas

Ladies and Gentlemen:

The Comprehensive Annual Financial Report of Lubbock County, Texas, for the fiscal year ending September 30, 2010, is submitted herewith in compliance with the requirements of section 114.025, Local Government Code, Vernon's Texas Codes Annotated. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with Lubbock County. To the best of our knowledge, and belief the enclosed data is accurate in all material respects, and is reported in a manner designed to present fairly the financial position of the governmental activities, each major fund, and the aggregate remaining fund information and the respective changes in financial position and cash flows, where applicable, thereof in conformity with accounting principles generally accepted in the United States of America. All disclosures necessary to enable the reader to gain an understanding of the County's financial activities have been included.

The integrity and objectivity of the data in these statements and schedules, including estimates and judgments relating to matters not concluded by year end, are by law the responsibility of the Lubbock County Auditor's Office. To this end, the County Auditor, as chief financial officer, maintains a system of internal accounting controls and supports an extensive program of internal auditing to give reasonable assurance at reasonable cost that the County's assets are protected and that financial transactions are recorded properly.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management.

All internal accounting evaluations occur within the above framework. We believe that the County's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

As a recipient of federal and state financial assistance, the County also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by appropriate management and audit staff of the County Auditor's office.

These financial statements and supplemental financial information have been audited by Robison, Johnston & Patton, LLP, a firm of licensed certified public accountants engaged by the Lubbock County Commissioners' Court. The goal of the independent audit was to provide reasonable assurance that the financial statements of Lubbock County for the fiscal year ended September 30, 2010, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the

County's financial statements for the fiscal year ended September 30, 2010, are fairly presented in conformity with GAAP. The auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of Lubbock County was part of the broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the County's Single Audit Report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. Lubbock County's MD&A can be found immediately following the report of the independent auditors.

The comprehensive annual financial report is presented in four sections: introductory, financial, other supplementary information, and statistical. The introductory section includes this transmittal letter, the County's organizational chart, and a list of the principal officials of the County. The financial section includes the basic financial statements and the auditor's report thereon, required supplementary information, and combining statements and budgetary schedules. The other supplementary information includes reports and schedules in relation to OMB Circular A-133, Single Audit Act. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

PROFILE OF THE GOVERNMENT

Lubbock County, as a political subdivision of the State of Texas, provides only those services allowed, or implied, by the State Constitution or statute. These services include, but are not limited to, judicial, law enforcement, detention facilities, juvenile services, health and human services, county roads and parks, and recording functions of Lubbock County, as a political subdivision of the State of Texas.

Lubbock County, operating as specified under the Constitution and statutes, is governed by a Commissioners' Court, which consists of the County Judge and four (4) Commissioners, one from each of the four geographical precincts and elected for staggered four year terms. Commissioners' Court duties include setting the County Ad Valorem tax rate, approval of the budget, calling certain elections, approval and awarding contracts, issuance of bonds, and appointing or participating in the appointment of certain county officials and boards.

The board of the Lubbock County Hospital District, a separate political subdivision of the State created under the authority of Article 9, Section 4 of the State Constitution, as well as some of the board members of the Lubbock Central Appraisal District and Mental Health and Mental Retardation Board, are appointed or voted on by the Lubbock County Commissioners' Court. The financial statements of the Lubbock County Hospital District, University Medical Center, have been included in the government-wide statements of the County as a discretely presented component unit.

In accordance with Sec 111.032, Subchapter B, Chapter 111, Title 4, Vernon's Texas Codes Annotated (Local Government Code), the County Auditor is the Budget Officer for Lubbock County, and has the responsibility for preparing and presenting the County's budget. Under the County's budgeting procedures, each department head submits a budget request to the County Auditor. The County Auditor compiles and reviews the budget requests, and, with representatives of the Commissioners' Court, holds informal public hearings with department heads. The proposed budget, together with revenue estimates provided by the County Auditor, is submitted to the Commissioners' Court for its consideration. A public hearing is held on the proposed Before adopting the final budget, the Commissioners' Court may increase or budget by the Commissioners' Court. decrease the amounts requested by the various departments. Amounts finally adopted for expenditures of current operating funds cannot exceed the fund balances in such funds at October 1, plus the County Auditor's estimate of revenues for the After the budget has been adopted by the Commissioners' Court, the County Auditor monitors budget transactions and advises the Commissioners' Court, and the various departments, on the condition of the various budgeted accounts. The County's budgetary system is fully integrated with the accounting and financial system to allow for the matching of budget appropriations with actual expenditures, obligations (payables), and encumbrances (outstanding purchase orders) on a daily basis. Budget-to-actual comparisions are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted.

FACTORS AFFECTING FINANCIAL CONDITION

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which Lubbock County operates.

Local Economy

Lubbock County currently enjoys a favorable economic environment and local indicators point to continued stability. Lubbock County, encompassing an 892 square mile area of the South Plains region of West Texas and with a population of approximately 250,446, is the main trade center for the 26 county South Plains area. Agriculture, the major and basic industry of Lubbock County, is enhanced by numerous retail, wholesale, and service industries situated largely in the City of Lubbock, which comprises approximately 85% of the total population of Lubbock County. Because of this diversified economic base, along with the economic contributions of Texas Tech University and Texas Tech University School of Medicine, all located within Lubbock County, the economy has experienced a modest but steady growth over the past several years; a trend which is expected to continue.

Relevant Financial Policies

The County has an important responsibility to the citizens of Lubbock County to carefully account for public funds and to plan for adequate funding of services. Financial policies are in place to enable the County to achieve responsible stewardship and full disclosure.

Major Initiatives

During fiscal year 2010 the major initiative completed was the opening of the Lubbock County Detention Center which became operational in July, 2010.

Initiatives planned for fiscal year 2011 to be funded with current revenue sources include Courthouse Security and on-going renovations to the Courthouse, Lubbock County Office Building and parking garage. Another initiative during 2011 will be the negotiation with the U.S. Marshalls for a new federal prisoner housing contract.

ACKNOWLEDGMENTS

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Lubbock County, Texas for its comprehensive annual financial report for the fiscal year ended September 30, 2009. This was the fifth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Additionally, Lubbock County received the GFOA's Distinguished Budget Presentation Award for its annual budget document for the 2010 fiscal year beginning October 1, 2009. In order to qualify for the Distinguished Budget Presentation Award, the County's budget document was judged to be proficient in several categories, including a policy statement, a financial plan, an operations guide, and a communications device. A Certificate of Achievement is valid for a period of one year only.

Lubbock County was awarded a 2010 Leadership Circle Gold Award by the Texas Comptroller of Public Accounts. The Leadership Circle recognizes local governments across Texas that are striving to meet a high standard for financial transparency online by opening their books to the public; providing clear, consistent pictures of spending; and sharing information in a user-friendly format. The Gold designation highlights those entities that are setting the bar in their transparency efforts and is valid for one year.

The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated services of the Auditor's Office Staff. I sincerely appreciate the loyalty and dedication of my staff for their extra efforts to produce timely and accurate records for Lubbock County. They demonstrate what a public servant must be. I would also like to thank the County Commissioners' Court and all the elected officials for Lubbock County for their interest and support in planning and conducting the financial operations of Lubbock County in a responsible manner.

Respectfully submitted, Lackulline Latham

Uadqueline Letham, CPA Lubbock County Auditor

Certificate of Achievement for Excellence in Financial Reporting

Presented to

Lubbock County Texas

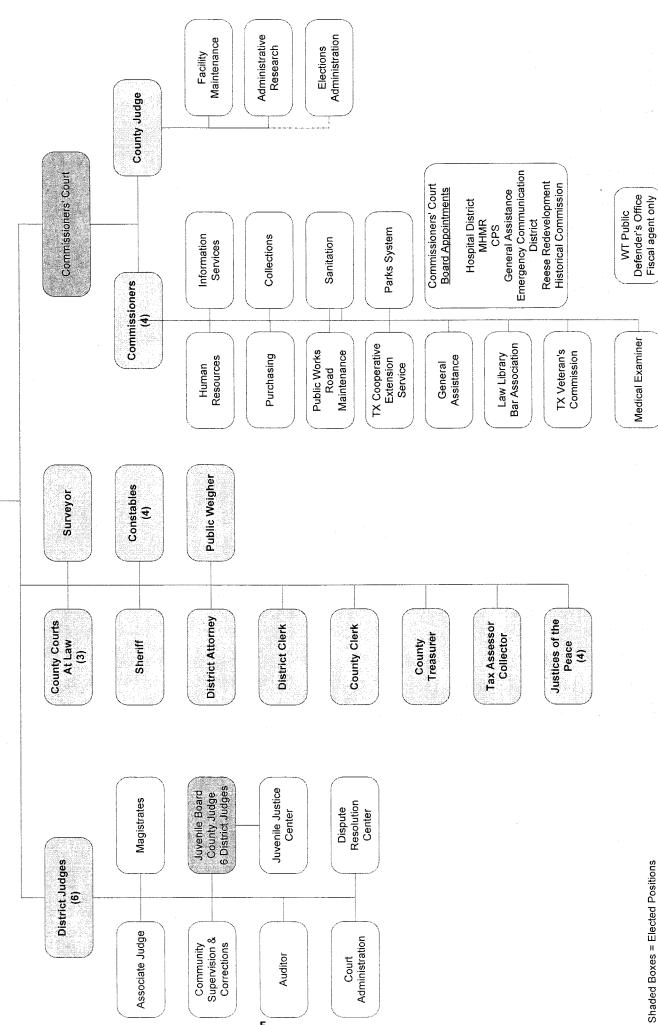

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
September 30, 2009

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Independent Auditor's Report on Financial Statements

Commissioners' Court Lubbock County, Texas P.O. Box 10536 Lubbock, Texas 79408

Members of the Commissioners' Court:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Lubbock County, Texas as of and for the year ended September 30, 2010, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Lubbock County, Texas's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the discretely presented component unit, (an enterprise fund), University Medical Center, Lubbock, Texas. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion on the financial statements, insofar as it relates to the amounts included for University Medical Center, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of University Medical Center, Lubbock, Texas were audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Lubbock County, Texas as of September 30, 2010, and the respective changes in financial position, and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated February 21, 2011, on our consideration of Lubbock County, Texas's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information identified as Required Supplementary Information in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Lubbock County, Texas's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U. S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the financial statements. The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Robison Johnston, Fellon UP

February 21, 2011

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Lubbock County's annual financial report presents our discussion and analysis of the County's financial performance during the fiscal year ended September 30, 2010. Please read it in conjunction with the County's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The County's total combined net assets were \$142,881,072 at September 30, 2010.
- During the year, the County's expenses were \$1,451,934 less than the \$87,913,974 generated in taxes and other revenues for governmental activities.
- The general fund reported a fund balance this year of \$28,013,098.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts—management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the County:

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the County's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the government, reporting the County's operations in more detail than the government-wide statements.
- The governmental funds statements tell how general government services were financed in the short term as well as what remains for future spending.
- Proprietary fund statements offer short- and long-term financial information about the activities the government operates like businesses.
- Fiduciary fund statements provide information about the financial relationships in which the County acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information*

Summary Detail

that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and related to one another.

Figure A-1, Required Components of the County's Annual Financial Report

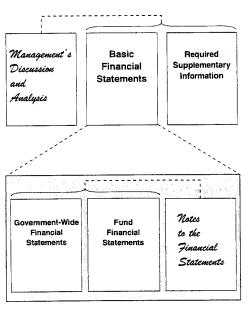

Figure A-2. Major Features of the District's Government-wide and Fund Financial Statements

Figure A-2 summarizes the major features of the County's financial statements, including the portion of the County government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

	Statements

The government-wide statements report information about the County as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

			Fund Statements	
Type of Statements	Government-wide	Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire Agency's government (except fiduciary funds) and the Agency's component units	The activities of the district that are not proprietary or fiduciary	Activities the district operates similar to private businesses: self insurance	Instances in which the district is the trustee or agent for someone else's resources
	*Statement of net assets	*Balance sheet	• Statement of net assets	• Statement of fiduciary
Required financial statements	Statement of activities	*Statement of revenues, expenditures & changes in fund balances	Statement of revenues, expenses and changes in fund net assets	net assets *Statement of changes in fiduciary net assets
			• Statement of cash flows	
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter, no capital assets included	All assets and liabilities, both financial and capital, and short-term and long- term	All assets and liabilities, both short-term and long- term; the Agency's funds of not currently contain capital assets, although they can
Type of	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods	All revenues and expenses during year, regardless of when cash is received or paid	All revenues and expenses during year, regardless of when cash is received or paid
inflow/outflow information	is received of paid	or services have been received and payment is due during the year or soon thereafter	paru	is received of paid

The two government-wide statements report the County's net assets and how they have changed. Net assets—the difference between the County's assets and liabilities—is one way to measure the County's financial health or position.

- Over time, increases or decreases in the County's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the County, one needs to consider additional nonfinancial factors such as changes in the County's tax base

The government-wide financial statements of the County include the *Governmental activities*. Most of the County's basic services are included here, such as general government, public safety, highways and streets, sanitation, economic development, culture and recreation, and interest on long-term debt. Property taxes and grants finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the County's most significant *funds*—not the County as a whole. Funds are accounting devices that the County uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and by bond covenants.
- The Commissioners' Court establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The County has the following kinds of funds:

Governmental funds—Most of the County's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explain the relationship (or differences) between them.

- Proprietary funds—Services for which the County charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long-term and shortterm financial information.
- We use *internal service funds* to report activities that provide supplies and services for the County's other programs and activities.
- Fiduciary funds—The County is the trustee, or fiduciary, for certain funds. It is also responsible for other assets that—because of a trust arrangement—can be used only for the trust beneficiaries. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the County's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. We exclude these activities from the County's government-wide financial statements because the County cannot use these assets to finance its operations.

The financial statements include not only Lubbock County (known as the *primary government,*) but also a legally separate Hospital District for which Lubbock County oversees the operations and promulgates the rules and regulations for. Financial information for this *component unit* is reported separately from the financial information presented for the primary government itself.

Effective October 1, 2008, the County adopted GASB 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions. Upon adoption of this standard, the County recognizes these post employment benefit costs utilizing an accrual method of accounting. This change has resulted in an increase of \$991,646 in expenditures for the year ended September 30, 2010.

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

Net assets. The County's combined net assets were \$142,881,072 at September 30, 2010.

Unrestricted	54,864,273	56,563,420	3.00%
Total Net Assets	142.881,072	141,429,138	

The \$54,864,273 of unrestricted net asset represents resources available to fund the programs of the County in subsequent periods.

A large portion of the County's net assets (57 percent) reflects its investment in capital assets, less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

At the end of the current fiscal year, the County is able to report positive balances in all three categories of net assets.

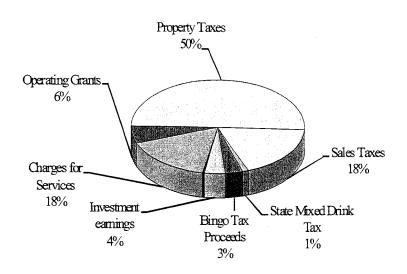

Changes in net assets. The County's total revenues were \$87,913,974. A significant portion, 50 percent, of the County's revenue comes from property taxes. (See Figure A-3.) 18 percent comes from charges for services, 18 percent comes from sales taxes, 6 percent comes from operating grants, 4 percent comes from investment earnings, 3 percent from bingo tax proceeds, and 1 percent comes from state mixed drink tax.

The total cost of all programs and services was \$86,462,040; 35.84 percent of these costs are for public safety.

The County's net assets increased \$1,451,934 during the current fiscal year. Due to increased values and rates, property taxes increased approximately \$2,126,482. Sales tax collections decreased \$48,508. A portion of this increase represents the degree to which increases in ongoing revenues are exceeding similar increases in ongoing expenses. This growth is also reflected by rate increases and increases in operating grants.

Increase (Decrease) in net Assets before transfers Transfers	1,451,934	5,548,369	
Increase/(Decrease) in Net assets	1,451,934	5,548,369	

As mentioned earlier, property taxes have increased by \$2,126,482 (4.88 percent). This increase is due to increased appraised values and an increased tax rate adopted by the County.

The table below presents the cost of each of the County's largest functions as well as each function's net cost (total cost less fees generated by the activities and intergovernmental aid). The net cost reflects what was funded by state revenues as well as local tax dollars.

- The cost of all governmental activities this year was \$86,462,040.
- However, the amount that our taxpayers paid for these activities through property taxes was only \$45,689,952.
- Some of the cost was paid by those who directly benefited from the programs \$15,073,965 or
- By grants and contributions \$5,388,953.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

Governmental Funds

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$52,409,331, a decrease of \$118,786 in comparison with the prior year. Approximately 94 percent of this total amount constitutes unreserved, undesignated fund balance, which is available for spending at the government's discretion. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed 1) to pay for debt service (\$2,233,068) or 2) for a variety of other restricted purposes (\$875,000).

The fund balance of the County's general fund increased by \$663,568 during the current fiscal year. An increase in appraised values and tax rates increased property tax revenue by \$2,286,470. The County experienced positive changes in market values at the end of the current fiscal year resulting in an increase of unrealized gain in the amount of \$734,845 in the general fund. This gain is reflected as an increase to investment earnings. However, the decreasing interest rates ultimately led to a decrease of investment earnings in the amount of \$750,108.

General Fund Budgetary Highlights

Over the course of the year, the County revised its budget several times. Even with these adjustments, actual expenditures were \$5,579,060 below final budget amounts. The most significant positive variance resulted in the jail department. Total costs were less than expected.

On the other hand, resources available were \$914,202 below the final budgeted amount.

- Fines, fee and commission revenue were less than expected.
- The positive changes in investment market values increased investment earnings approximately \$734,845.

CAPITAL ASSETS AND DEBT ADMINISTRATION Capital Assets

At the end of 2010, the County had invested \$155,745,374 in a broad range of capital assets, including land, equipment, buildings, and vehicles.

	Governmental Activities		Total Percentag Change
	2010	<u>2009</u>	<u>2009-2010</u>
Land	3,507,847	3,507,848	0%

Totals at historical cost	247,666,135	241,308,683	
Total accumulated depreciation	(91,920,761)	(85,765,473)	7.18%
Net capital assets	155,745,374	155,543,210	

More detailed information about the County's capital assets is presented in Note E of the notes to the financial statements.

Long Term Debt

At year-end the County had \$78,445,684 in bonds and notes outstanding. More detailed information about the County's debt is presented in Note G of the notes to the financial statements.

	Governr Activi <u>2010</u>		Total Percentage Change 2009-2010

Total bonds & loans payable	78,445,684	81,509,251	

Bond Ratings

The County's bonds presently carry "AAA" ratings with underlying ratings as follows: Moody's Investor Services"Aaa" and Standard & Poors "AAA".

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Net taxable value used for the 2011 budget preparation increased by \$355,761,614 or 2.84% from 2010.

These indicators were taken into account when adopting the general fund budget for 2011. Amounts available for appropriation in the general fund budget are \$73,088,894 an increase of 14.02 percent over the final 2010 budget of \$64,099,095. Property taxes will increase due to an increase in property values. The County will use these increases in revenues to finance programs we currently offer.

Expenditures and transfers out are budgeted to rise nearly 8.32 percent to \$73,799,255 over the final 2010 budget of \$68,132,948. The increase can be attributed to the additional juvenile transfer in lieu of receiving a portion of the tax rate. The court also approved a 3.14% COLA for fiscal year 2011 and approved the addition of 27 new full-time positions.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the County's Auditor Office.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

A. Summary of Significant Accounting Policies

The combined financial statements of Lubbock County, Texas (the "County") have been prepared in conformity with accounting principles applicable to governmental units which are generally accepted in the United States of America. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

1. Reporting Entity

The County's basic financial statements include the accounts of all its operations. The County evaluated whether any other entity should be included in these financial statements. The criteria for including organizations as component units within the County's reporting entity, as set forth in GASB Statement No. 14, "The Financial Reporting Entity," include whether:

- the organization is legally separate (can sue and be sued in its name)
- the County holds the corporate powers of the organization
- the County appoints a voting majority of the organization's board
- the County is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the County
- there is fiscal dependency by the organization on the County
- the exclusion of the organization would result in misleading or incomplete financial statements

The County also evaluated each legally separate, tax-exempt organization whose resources are used principally to provide support to the County to determine if its omission from the reporting entity would result in financial statements which are misleading or incomplete. GASB Statement No. 14 requires inclusion of such an organization as a component unit when: 1) The economic resources received or held by the organization are entirely or almost entirely for the direct benefit of the County, its component units or its constituents; and 2) The County or its component units is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the organization; and 3) Such economic resources are significant to the County.

Based on this criteria, the following is a brief review of each potential component unit addressed in defining Lubbock County's reporting entity.

Included in the reporting entity:

Lubbock County Hospital District. Lubbock County Hospital District was established to furnish medical aid and hospital care to citizens of Lubbock County. Commissioners' Court of the County approves the Hospital District's budget, appoints the Board of Managers and sets the District's tax rate. The Hospital District's boundaries are the County and the governing authority for the Hospital District is the Board of Hospital Managers. They oversee the operations and promulgate the rules and regulations for the District. The Hospital District fits the criteria of a component unit of Lubbock County, Texas. The financial statements of University Medical Center are included as a discretely presented component unit in these financial statements. The County's financial statements do not include disclosures of University Medical Center. A complete set of financial statements for University Medical Center, Lubbock, Texas, may be obtained at the administrative office:

University Medical Center 603 Indiana Ave Lubbock, Texas 79413

Excluded from the reporting entity:

Lubbock Central Appraisal District. Lubbock Central Appraisal District has a separately appointed Board, jointly appointed by all participating taxing entities. This entity is excluded from the reporting entity because the County does not exercise influence over its daily operations.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

Lubbock County Water Control and Improvement District No. 1. Lubbock County Water Control and Improvement District No. 1 (District) has a separately elected Board. The management of day to day operations is the ultimate responsibility of the elected Board. The County does not provide any funding for the District. Additionally, the County has no direct or indirect responsibility for the debt or operating results of the District.

Lubbock Emergency Communication District. Lubbock Emergency Communication District has a separately appointed Board, with one position appointed by the Commissioners' Court. The Commissioners' Court does approve the District's budget but does not exercise influence over its daily operations, does not provide any funding for the District, and is not responsible for any debt of the District.

2. Basis of Presentation, Basis of Accounting

Basis of Presentation

Government-wide Statements: The statement of net assets and the statement of activities include the financial activities of the overall government, except for fiduciary activities. Eliminations been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The County does not allocate indirect expenses in the statement of activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the County's funds, with separate statements presented for each fund category. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The County reports the following major governmental funds:

General Fund. This is the County's primary operating fund. It accounts for all financial resources of the County except those required to be accounted for in another fund.

New Jail Construction 2003 Issue Fund. This fund is used to account for the accumulated resources for, and the payment of the building of the new jail facility.

In addition, the County reports the following fund types:

Internal Service Funds: These funds are used to account for revenues and expenses related to services provided to parties inside the County. These funds facilitate distribution of support costs to the users of support services on a cost-reimbursement basis. Because the principal users of the internal services are the County's governmental activities, this fund type is included in the "Governmental Activities" column of the government-wide financial statements.

The Employee Health Fund is used to account for the accumulation and allocation of costs associated with Lubbock County's self-funded plan for benefits for comprehensive major medical, dental, and vision care.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

The Workers' Compensation Fund is used to account for the accumulation and allocation of costs associated with Lubbock County's self-funded workers' compensation coverage.

Agency Funds: These funds are used to report student activity funds and other resources held in a purely custodial capacity (assets equal liabilities). Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments. Agency funds have no measurement focus.

The County's agency funds consist of amounts collected by the individual County fee offices for state court costs, state vehicle registration fees, victim restitution payments, merchant hot check fees, inmate trust funds, and District and County Clerk trust beneficiaries.

Fiduciary funds are reported in the fiduciary fund financial statements. However, because their assets are held in a trustee or agent capacity and are therefore not available to support County programs, these funds are not included in the government-wide statements.

b. Measurement Focus, Basis of Accounting

Government-wide and Proprietary Fund Financial Statements: These financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Revenues from local sources consist primarily of property taxes. Property tax revenues, intergovernmental, fees, commissions, charges for services, and fines and forfeitures are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

When the County incurs an expenditure or expense for which both restricted and unrestricted resources may be used, it is the County's policy to use restricted resources first, then unrestricted resources.

Under GASB Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting," all proprietary funds will continue to follow FASB ARC standards issued on or before November 30, 1989. However, from that date forward, proprietary funds will have the option of either 1) choosing not to apply future FASB ARC standards (including amendments of earlier pronouncements), or 2) continuing to follow new FASB ARC pronouncements unless they conflict with GASB guidance. The County has chosen to apply future FASB ARC standards.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

3. Financial Statement Amounts

a. Cash and Cash Equivalents

For purposes of the statement of cash flows, highly liquid investments are considered to be cash equivalents if they have a maturity of three months or less when purchased.

A "Pooled Cash" concept is used to maintain the cash and investment accounts in the accounting records. Under this method, all cash and investments are pooled for investment purposes and each fund has an equity in the pooled cash amount and earnings therefrom.

b. Property Taxes

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available (1) when they become due or past due and receivable within the current period and (2) when they are expected to be collected during a 60-day period after the close of the fiscal year.

Allowances for uncollectible tax receivables within the General, Special Revenue and Debt Service Funds are based upon historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the County is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

c. Inventories and Prepaid Items

Inventories on the balance sheet are stated at cost. Inventory items are recorded as expenditures when they are consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

d. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated fair value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. A capitalization threshold of \$5,000 is used.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Infrastructure	10-20
Buildings & Improvements	30
Vehicles	4-7
Equipment	7-10

e. Receivable and Payable Balances

The County believes that sufficient detail of payable balances is provided in the financial statements to avoid the obscuring of significant components by aggregation. Therefore, no disclosure is provided which disaggregates those balances.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

There are no significant receivables which are not scheduled for collection within one year of year end.

f. Personal Leave

County employees earn personal leave in varying amounts and do not earn sick leave. Unused personal leave may be accumulated up to 180 hours and is paid upon termination of employment. Also, in accordance with the Fair Labor Standards Act as it applies to local governments, non-exempt county employees are granted compensatory time for hours worked beyond their regular working hours. Accumulated compensatory time is also paid upon termination of employment.

The County has identified a liability for accumulated personal leave where the employees' rights to receive benefits are attributable to services already rendered, and it is probable that the County will compensate the employees through either paid time off or cash payments at termination. The County has recognized a liability for that portion of accumulated sick leave that will be compensated with cash payments at termination. The amount expected to be paid from current resources is not significant.

All personal leave is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

g. Interfund Activity

Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the government-wide statement of activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net assets.

h. Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of management's estimates.

i. Deferred Revenue

Lubbock County reports deferred revenue on its governmental funds balance sheet. Deferred revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when resources are received by the County before it has a legal claim to them, as when grant monies are received prior to the occurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when Lubbock County has a legal claim to the resources, the liability for deferred revenue is removed from the balance sheet and revenue is recognized.

- j. Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use. Designated fund balances represent tentative plans for further use of financial resources.
- k. In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net assets. Bond premiums, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of applicable bond premium. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

In the fund financial statements, governmental fund types recognize bond premiums, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

I. Lubbock County allows employees to participate in a deferred compensation plan through payroll deduction. The plan is administered according to provisions of applicable Internal Revenue Service regulations. Participation is on a voluntary basis and is available to regular employees. The County does not match employee contributions to the plan. The County does not have fiduciary accountability for the plan and accordingly no amounts are reflected in these financial statements for the plan.

B. Compliance and Accountability

1. Finance-Related Legal and Contractual Provisions

In accordance with GASB Statement No. 38, "Certain Financial Statement Note Disclosures," violations of finance-related legal and contractual provisions, if any, are reported below, along with actions taken to address such violations:

Violation Expenditures materially exceeded appropriations in the following areas:	Action Taken The County will review its procedure for amending the budget.

Supplies	\$ 6,671		
USDA-AG- Mediation Fund:			
Other	64,779		
Law Library Fund:			
Capital Outlay	5,263		
Sheriff Contraband Fund:			
Supplies	9,417		
Other	5,468		
Inmate Supply Fund:			
Professional Contracts	78,041		
CDA Contraband Fund:			
Other	67,831		

C. Deposits and Investments

The County's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the County's agent bank approved pledged securities in an amount sufficient to protect County funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

Cash Deposits:

At September 30, 2010, the carrying amount of the County's deposits (cash, certificates of deposit, and interest-bearing savings accounts included in temporary investments) was \$27,227,262 and the bank balance was \$31,020,109. The County's cash deposits at September 30, 2010 and during the year ended September 30, 2010, were not entirely covered by FDIC insurance or by pledged collateral held by the County's agent bank in the County's name.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

In addition, the following is disclosed regarding coverage of combined balances on the date of highest deposit:

- a. Depository: City Bank
- b. The market value of securities pledged as of the date of the highest combined balance on deposit was \$27,500,000.
- c. The highest combined balances of cash, savings and time deposit accounts amounted to \$28,118,190 and occurred during the month of February, 2010.
- d. Total amount of FDIC coverage at the time of the largest combined balance was \$3,364,024.

Investments:

The County is required by Government Code Chapter 2256, The Public Funds Investment Act, to adopt, implement, and publicize an investment policy. That policy must be written; primarily emphasize safety of principal and liquidity; address investment diversification, yield, and maturity and the quality and capability of investment management; and include a list of the types of authorized investments in which the investing entity's funds may be invested; and the maximum allowable stated maturity of any individual investment owned by the entity.

The Public Funds Investment Act ("Act") requires an annual audit of investment practices. Audit procedures in this area conducted as a part of the audit of the general purpose financial statements disclosed that in the areas of investment practices, management reports and establishment of appropriate policies, the County adhered to the requirements of the Act. Additionally, investment practices of the County were in accordance with local policies.

The Act determines the types of investments which are allowable for the County. These include, with certain restrictions, (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas, (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, and (10) common trust funds.

The County's investments at September 30, 2010 are shown below.

Investment or Investment Type	Weighted Average Maturity in Years		Fair Value
Texpool	N/A	\$	38
Federal Home Loan Bank Notes	4	•	19,233,210
Federal Home Loan Mortgage Corp.	7		7,637,246
Federal National Mortgage Association	10		20,737,515
Federal Farm Credit Bank	3		936,397
Total Investments		\$	48,544,406
Portfolio Weighted Average Maturity	6		

Analysis of Specific Deposit and Investment Risks:

GASB Statement No. 40 requires a determination as to whether the County was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

a. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. As a

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

means of minimizing credit risk, the County's investment policy requires limiting investments to the safest types of investments and pre-qualifying the financial institutions and broker/dealers with which Lubbock County will do business.

At September 30, 2010, the County's investments, other than those which are obligations of or guaranteed by the U. S. Government, are rated as to credit quality as follows:

Lubbock County's investments in Texpool were rated AAA by Standard & Poor's.

Lubbock County's investments in Federal Home Loan Bank Notes, Federal Home Loan Mortgage Corp., Federal National Mortgage Association, Federal Farm Credit Bank, and Freddie Mac were rated AAA by Standard & Poor's.

b. Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the County's name.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the County's name.

The County's investment policy states that securities either owned by Lubbock County as part of its investment portfolio or held as collateral to secure demand or time deposits will be held by a third party custodian. Securities owned by Lubbock County shall be held in Lubbock County's name as evidenced by safekeeping receipts of the institution holding the securities.

Collateral for deposits will be held by a third party custodian designated by Lubbock County and pledged to Lubbock County as evidenced by safekeeping receipts of the institution with which the collateral is deposited. Original safekeeping receipts shall be obtained. Collateral may be held by a Federal Reserve Bank or branch of a Federal Reserve Bank, a Federal Home Loan Bank, or a third party bank approved by Lubbock County.

At year end, County departments had funds on deposit at financial institutions other than the County's current depository. Due to the excess amounts held in these accounts, the County's funds were not entirely covered by FDIC insurance or by pledged collateral.

As of September 30, 2010, \$83,997 of the government's bank balance of \$31,020,109 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized

83,997

c. Concentration of Credit Risk

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the County was not exposed to concentration of credit risk.

As a means of minimizing credit risk and concentration of credit risk, the County's investment policy requires limiting investments to the safest types of investments and pre-qualifying the financial institutions and broker/dealers with which Lubbock County will do business. The policy also requires diversifying the investment portfolio so that potential losses on individual issuers will be minimized.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

The following maximum limits, by instrument, are established for Lubbock County's total portfolio:

1.	U.S. Treasury Securities	100%
2.	Agencies and Instrumentalities	85%
3.	Certificates of Deposit	50%
4.	Authorized Pools	50%

d. Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment.

As a means of limiting its exposure to fair value losses arising from rising interest rates, the County's investment policy requires structuring the investment portfolio so that investments mature to meet cash requirements for ongoing operations, thereby avoiding the need to liquidate investments prior to maturity. It also limits investing operating funds primarily in certificates of deposit, shorter-term securities, money market mutual funds, or local government investment pools functioning as money market mutual funds. Finally, the County's policy requires diversifying maturities and staggering purchase dates to minimize the impact of market movements over time.

The maximum allowable stated maturity of any individual investment will not exceed more than ten years from the date of purchase.

e. Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the County was not exposed to foreign currency risk.

Investment Accounting Policy

The County's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

Public Funds Investment Pools

Public funds investment pools in Texas ("Pools") are established under the authority of the Interlocal Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the "Act"), Chapter 2256 of the Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires Pools to: 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of no lower than AAA or AAA-m or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the market value of its underlying investment portfolio within one half of one percent of the value of its shares.

The County's investments in Pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

LUBBOCK COUNTY, TEXASNOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

General fund Other Governmental Funds	Other Governmental Funds Other Governmental Funds Total	\$ 3,229,856 3,622,234 6.852,090	Supplement other funds sources Supplement other funds sources

G. Long-Term Obligations

General Obligation Bonds

During the 2003 fiscal year, Lubbock County issued general obligation bonds to provide funds for the acquisition and construction of a new jail. General obligations are direct obligations and pledge the full faith and credit of the government. These bonds generally are issued as 20-year serial bonds with various amounts of principal maturing each year. During a prior fiscal year, the County refunded \$50,340,000 of the original \$79,935,000 issue by issuing General Obligation Refunding Bonds, Series 2007.

General obligation bonds currently outstanding are as follows:

	Interest	Principal
Purpose	Rate	(PAR VALUE)
Governmental Activities	4.00%	10,745,000
	\$	10,745,000

Annual debt service requirements to maturity for general obligation bonds are as follows:

	Governmental Activities					
Year Ending September 30,		Principal	Interest	Total		
2011	-\$-	3,440,000 \$	3,000,475 \$	6,440,475		
2012		3,580,000	2,860,075	6,440,075		
2013		3,725,000	2,713,975	6,438,975		
Totals	\$	10,745,000 \$	8,574,525 \$	19,319,525		

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

General Obligation Refunding Bonds

During a prior fiscal year, the County issued General Obligation Refunding Bonds, Series 2007 to refund a portion of the County's outstanding General Obligation Bonds, Series 2003 in order to lower the overall debt service requirements of the County. The bonds are issued as serial bonds maturing February 15, 2008 through February 15, 2023.

General obligation refunding bonds currently outstanding are as follows:

	Interest	Principal
Purpose	Rate	(PAR VALUE)
Governmental Activities	4.00% \$	15,050,000
Governmental Activities	4.25%	13,915,000
Governmental Activities	4.50%	23,140,000
	\$	52,105,000

Annual debt service requirements to maturity for general obligation refunding bonds are as follows:

	Governmental Activities				
Year Ending September 30,		Principal	Interest	Total	
2011	\$	290,000	2,228,888	2,518,888	
2012		305,000	2,216,988	2,521,988	
2013		315,000	2,204,588	2,519,588	
2014		4,205,000	2,114,188	6,319,188	
2015		4,380,000	1,937,013	6,317,013	
2016-2020		24,870,000	6,719,743	31,589,743	
2021-2023		17,740,000	1,221,299	18,961,299	
Totals	\$_	52,105,000 \$	18,642,707 \$	70,747,707	

Certificates of Obligation

During the 2006 fiscal year, Lubbock County issued Certificates of Obligation, Series 2006 in the amount of \$12,765,000 to provide funds for contractural obligations to be incurred for the construction of, improvements to, expansion of, and equipping of the new Lubbock County Jail. Certificates of Obligation are direct obligations and pledge the full faith and credit of the government. These obligations generally are issued as 20-year certificates with various amounts of principal maturing each year.

Certicates of obligation currently outstanding are as follows:

	Interest	Principal
Purpose	Rate	(PAR VALUE)
Governmental Activities	4.00% \$	495,000
Governmental Activities	4.25%	4,105,000
Governmental Activities	4.30%	690,000
Governmental Activities	4.375%	720,000
Governmental Activities	4.40%	1,545,000
Governmental Activities	4.50%	3,535,000
	\$	11,090,000

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

Annual debt service requirements to maturity for general obligation refunding bonds are as follows:

		Gov	vernmental Activiti	es
Year Ending September 30,		Principal	Interest	Total
2011	\$_	495,000	472,270	967,270

Changes in Long-Term Liabilities

Long-term obligations include debt and other long-term liabilities. Changes in long-term obligations for the year ended September 30, 2010, are as follows:

		Beginning				Ending	Amounts Due Within
		Balance	Increases		Decreases	Balance	One Year
Governmental activities:							
Bonds/Certificates of Obligation Pay	/able						
General obligation bonds	\$	14,055,000 \$:	\$	3,310,000 \$	10,745,000 \$	3,440,000
Gen. obligation refunding bds		52,385,000			280,000	52,105,000	290,000
Certificates of obligation		11,565,000			475,000	11,090,000	495,000
Plus (Less) Deferred Amounts							
Bond Premiums		1,827,283			268,386	1,558,897	260,714
Issuance Costs		(716,740)			(98,743)	(617,997)	(90,475)
Accrued Personal Leave		1,559,386	1,387,557		1,208,127	1,738,816	1,306,456
Other Post-Employment Benefits		834,322	1,389,735		398,089	1,825,968	
Total governmental activities	\$	81,509,251 \$	2,777,292	\$_	5,840,859 \$	78,445,684 \$	5,701,695

The liability for personal leave is generally liquidated by the General Fund and certain Special Revenue Funds.

Advance Refunding of Debt

The County issued \$52,915,000 of general obligation refunding bonds to provide resources to acquire securities of the United States of America. These securities were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$50,340,000 of general obligation bonds, series 2003. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental activities section within the statement of net assets. The cost of the refunding bonds exceeded the carrying amount of the refunding bonds exceeded the carrying amount of the refunding by \$2,575,000. This amount, net of offering discounts, is being amortized over the life of the new bonds which has the same maturity schedule of the old bonds.

This advance refunding was established to save on debt service costs of the amounts outstanding and also to pay the costs of issuance. The projected savings over the next sixteen years totals \$1,904,975 and should result in an economic gain of \$1,322,554.

GASB Statement No. 7, "Advance Refundings Resulting in Defeasance of Debt," provides that refunded debt and assets placed in escrow for the payment of related debt service be excluded from the financial statements. As of September 30, 2010, outstanding balances of bond issues that have been refunded and defeased in-substance by placing existing assets and the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments are as follows.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

General Oblig Bonds, Series 2003	02/15/23	5.00%	6,280,000
Total		\$	50,340,000

Continuing Disclosure

Lubbock County has entered into a continuing disclosure undertaking to provide Annual Reports and Material Event Notices to the State Information Depository of Texas, which is the Municipal Advisory Council. This information is required under SEC Rule 15c2-12 to enable investors to analyze the financial condition and operations of Lubbock County.

H. Risk Management

Lubbock County is exposed to various risks of loss related to torts, theft, damage or destruction of assets, errors and omissions, general liability, auto liability, law enforcement liability, public official liability, unemployment, and natural disasters. During fiscal year 2010, Lubbock County obtained auto liability, general liability, law enforcement liability, and public official liability coverage at a cost that is considered to be economically justifiable by joining together with other governmental entities in the State as a member of the Texas Association of Counties Self Insurance Funds ("TAC"). TAC is a self-funded pool operating as a common risk management and insurance program. The County pays an annual premium to TAC for its above insurance coverage. The agreement for the formation of TAC provides that TAC will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of acceptable risk levels; however, each category of coverage has its own level of reinsurance.

Lubbock County continues to carry commercial insurance for property, firefighters auto and general liability, errors and omissions, computer equipment, and judges professional liability coverage. There were no significant reductions in commercial insurance coverage in the past year and settled claims resulting from these risks have not exceeded coverage in any of the past three fiscal years.

I. Workers' Compensation

Effective January 1, 2004, the County began self insuring its workers' compensation coverage. Coverage is provided on an occurrence basis with the County retaining the first \$400,000 per claim. Premiums are charged to the departments and agencies of the County for the pro rata share of workers' compensation insurance coverage. The revenues and expenses for this insurance coverage are accounted for through an internal service fund.

Total retained outstanding losses and allocated loss adjustment expenses (ALAE) for the County are as follows:

Fund Year_	Selected Ultimate Losses & ALAE	Retained Paid Losses & ALAE @ 09/30	Retained Case Loss & ALAE Reserves @ 09/30	Indicated IBNR Loss & ALAE Reserves @ 09/30	Indicated Total Loss & Loss Reserves @ 09/30
2010	942,862	0	0	942,862	942,862

2008	682,495	202,759	107,954	371,782	479,735

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

J. Pension Plan

1. Plan Description

Lubbock County, Texas provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined pension plan in the statewide Texas County and District Retirement System (TCDRS), an agent multiple-employer public employee retirement system. The plan provisions that have been adopted by the County are within the options available in the governing state statutes of TCDRS.

TCDRS issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information (RSI) for TCDRS; the report also provides detailed explanations of the contributions, benefits and actuarial methods and assumptions used by the System. This report may be obtained by writing to TCDRS, P.O. box 2034, Austin, Texas 78768-0234.

The plan provisions are adopted by the governing body of the employer, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service, with 20 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after 8 years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

2. Funding Policy

The employer has elected the Variable-Rate plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The employer contributed using the actuarially determined rate of 8.79% for the months of the accounting year in 2009, and 9.41% for the months of the accounting year in 2010.

The contribution rate payable by the employee members for calendar year 2010 is the rate of 7% as adopted by the governing body of the employer. The employee contribution rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS Act.

3. Annual Pension Cost

For the employer's accounting year ending September 30, 2010, the annual pension cost for the TCDRS plan for its employees was \$4,059,141, and the actual contributions were \$4,059,141.

The annual required contributions were actuarially determined as a percent of the covered payroll of the participating employees, and were in compliance with the GASB Statement No. 27 parameters based on the actuarial valuations as of December 31, 2006 and December 31, 2007, the basis for determining the contribution rates for calendar years 2008 and 2009. The December 31, 2008 actuarial valuation is the most recent valuation.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

Actuarial Valuation Information

Actuarial valuation date	12/31/07	12/31/08	12/31/09

4. Trend Information for the Plan

Fiscal	Annual	Percentage	Net
Year	Pension	of APC	Pension
Ending	Cost (APC)	Contributed	Obligation
September 30, 2008	3,073,209	100%	
September 30, 2009	3,583,407	100%	
September 30, 2010	4,059,141	100%	

Funded Status and Funding Progress

As of December 31, 2009, the most recent actuarial date, the plan was 84.51% funded. The actuarial accrued liability for benefits was \$99,425,027 and the acturial value of assets was \$84,023,859, resulting in a UAAL of \$15,401,168. The covered payroll (annual payroll of active employees covered by the plan) was \$41,322,958, and the ratio of the UAAL to the covered payroll was 37.27%.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the acturial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

K. Health Care Coverage

The County established a Group Health Insurance Internal Service Fund to account for the County's self-funded plan for benefits for comprehensive major medical, dental, and vision care. The fund services all claims for risk of loss of group health to which the County is exposed. All departments, with the exception of the Adult Probation department which is required to use the State's health insurance plan, participate in the fund. The fund allocates the cost of providing claims servicing, claims payments, and reinsurance costs by charging a premium to each department based on number and level of employees participating in the program. The County contributed \$358 per pay period per employee. This charge considers recent trends in actual claims experience of the County and makes provisions for catastrophic losses. A third party administers the plan. Amounts reported as liabilities in the self-insurance fund at September 30, 2010, for actual claims incurred and estimated claims incurred but not reported were \$463,362. The plan was authorized by Article 3.51-2, Texas Insurance Code and was documented by contractual agreement.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

The fund's liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Because actual claims liabilities depend on such complex factors as inflation, changes in legal doctrines, and awards, the process used in computing claims liability does not necessarily result in an exact amount. Claims liabilities are re-evaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors.

The contract between Lubbock County and the third party administrator is renewable January 1, 2010, and terms of coverage and contribution costs are included in the contractual provisions.

In accordance with state statute, Lubbock County was protected against unanticipated catastrophic individual or aggregate loss by stop-loss coverage carried through Blue Cross/Blue Shield of Texas, a commercial insurer licensed or eligible to do business in Texas in accordance with the Texas Insurance Code. Stop-loss coverage was in effect for individual claims exceeding \$120,000 and for aggregate loss of \$8,004,926. Other counties and/or their employees contributed to the self-insurance pool which was operated under contractual provisions of Article 4413(32c), Interlocal Cooperation Act.

Latest financial statement information is available for the self insurance fund for the year ended December 31, 2009, through Blue Cross/Blue Shield of Texas.

Claims information is as follows:

	Beginning	Incurred	Claim	Ending
Fiscal Year Ended	Balance	Claims	Payments	Balance
September 30, 2009	462,325	5,133,174	5,266,076	329,423
September 30, 2010	462,325	6,185,965	6,177,406	470,884

L. Post Employment Benefits Other than Pension Benefits

Plan Participants

Lubbock County employees whom retire in accordance with the provisions of the Texas County and District Retirement System with at least 8 years of service with Lubbock County, (including disability retirement), and were covered under the group benefit plan in effect at the time of retirement, are eligible, at the retiree's expense, to retain the same health and dental benefits.

Normal Retirement Benefits

Employees whom retire in accordance with the provisions of the Texas County and District Retirement System with at least 8 years of service with Lubbock County, (including disability retirement), and were covered under the single-employer group benefit plan in effect at the time of retirement, are eligible, at the retiree's expense, to retain the same health and dental benefits. Retiring employees may not change levels of health or dental coverage they had prior to retirement.

Early Retirement Benefits

All employees whom retiree in accordance with the provisions of the TCDRS with at least 8 years of service with Lubbock County, (including disability retirement), and were covered under the group benefit plan in effect at the time of retirement, are eligible, at the retiree's expense, to retain the same health and dental benefits.

Deferred Retirement Benefits

Employees who separate from employment and do not retire are not eligible for retiree health care benefits.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

Duty and Non-Duty Death in Service Retirement Benefits

Survivors of employees who die while actively employed are not eligible for retiree health benefits.

Duty and Non-Duty Disabled Retirement Benefits

Lubbock County employees whom retiree in accordance with the provisions of the Texas County and District Retirement System with at least 8 years of service with Lubbock County, (including disability retirement), and were covered under the group benefit plan in effect at the time of retirement, are eligible, at the retiree's expense, to retain the same health and dental benefits.

Benefits for Spouses of Retired Employees

Spouses of retired employees are eligible to receive retiree health care benefits if they were covered under the group benefits plan at the time of the employee's retirement. A spouse of a deceased retiree with health coverage will be eligible to continue the coverage at the individual retiree rate with 8-9 years of service.

Non-Medicare and Medicare-Eligible Provisions

Lubbock County coverage supplements Medicare once an employee, retiree, spouse and/or dependent is eligible. The retiree is responsible for notifying BCBS of TX when their Medicare coverage begins.

Vision Coverage

The vision coverage is not provided to retirees.

Dental Coverage

Lubbock County employees whom retiree in accordance with the provisions of the Texas County and District Retirement System with at least 8 years of service with Lubbock County, (including disability retirement), and were covered under the group benefit plan in effect at the time of retirement, are elibible, at the retiree's expense, to retain the same health and dental benefits.

Life Insurance Coverage

Life insurance coverage is not provided to retirees.

Retiree Opt-Out

Retirees who decide to opt-out of the health or dental care plan are not eligible to opt back in.

Funding Policy and Annual OPEB Cost

The County's annual other post employment benefits (OPEB) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameter of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The County had its first OPEB actuarial valuation performed for the fiscal year beginning October 1, 2008 as required by GASB. The County's annual OPEB cost for the fiscal year ending September 30, 2010, is as follows:

Annual Required Contribution	\$ 1,328,589
Interest on OPEB Obligation	40,163
Adjustment to ARC	(37,211)
End of Year Annual OPEB Cost (Expense)	1,331,541
Net Estimated Employer Contributions	(398,089)
Increase in Net OPEB Obligation	 933,452
Beginning of Year Net OPEB Obligation (Asset)	892,516
End of Year Net OPEB Obligation (Asset)	\$ 1,825,968

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal year ending September 30, 2010 and the preceding fiscal year were as follows:

Fiscal Year Ended	 Annual OPEB Cost	Employer Amount Contributed	Percentage Contributed	Net OPEB Obligation
September 30, 2009	\$ 1,289,892 \$	397,376	30.8% \$	892,516
September 30, 2010	1,331,541	398,089	29.9%	1,825,968

Funding Status and Funding Progress

The funded status of the County's retiree health care plan, under GASB Statement No. 45 as of December 31, 2008 is as follows:

		Actuarial		
Actuarial	Actuarial	Accrued	Unfunded	
Valuation	Value	Liability	AAL	Funded
Date as	of Assets	(AAL)	(UAAL)	Ratio
of December 31	(a)	 (b)	(b-a)	(a/b)
2008	\$	\$ 10,710,480 \$	10,710,480	

Under the reporting parameters, the County's retiree health care plan is 0% funded with an estimated actuarial accrued liability exceeding actuarial assets by \$10,710,480 at December 31, 2008.

Actuarial methods and assumptions

The Projected Unit Credit actuarial cost method is used to calculate the GASB ARC for the County's retiree health care plan. Using the plan benefits, the present health premiums and a set of actuarial assumptions, the anticipated future payments are projected. The projected unit credit method then provides for a systematic funding for these anticipated payments. The yearly ARC is computed to cover the cost of benefits being earned by covered members as well as to amortize a portion of the unfunded accrued liability.

Projections of health benefits are based on the plan as understood by the County and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the County and the County's employees to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions were as follows:

Inflation rate
Investment rate of return
Actuarial cost method
Amortization method
Amortization period
Salary growth
Healthcare cost trend rate
Investment rate of return
4.50%, net of expenses
Projected Unit Credit Cost Method
Level as a percentage of employee payroll
30-year open amortization
3.00% per annum
Initial reate of 10.0% declining to an ultimate rate of 4.50% after 11 years

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status and the annual required contributions of the County's retiree health care plan are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presented as rquired supplementary information provides multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

M. Commitments and Contingencies

1. Contingencies

The County participates in grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the County has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable may be impaired. In the opinion of the County, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying basic financial statements for such contingencies.

2. Litigation

Lubbock County is involved in various lawsuits and claims. Some are for alleged losses suffered and are being handled by the County's insurance carriers. Others are for alleged violations of civil rights or discrimination. Although the outcome of these lawsuits and claims are not presently determinable, in the opinion of management the resolution of these matters will not have a material adverse effect on the County's financial position as of September 30, 2010.

N. Related Party Transactions

Lubbock County (Primary Government) contracts with the Hospital District (Discretely Presented Component Unit) for medical services at the jail. The amounts paid by Lubbock County for these services for the year ended September 30, 2010 were \$21,196 for medical services.

O. Financial Instruments

Financial instruments which potentially subject the County to concentrations of credit risk consist primarily of time deposits, demand deposits, and accounts receivable.

During the current year, County departments had funds on deposit at financial institutions other than the County's current depository. Due to the excess amounts held in these accounts, the County's funds were not entirely covered by FDIC insurance or by pledged collateral. No credit losses from individual receivables occurred during the year.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED SEPTEMBER 30, 2010

Budgetary Data

Budgets are adopted on a basis consistent with generally accepted accounting principles. In general, annual appropriated budgets are adopted for the general, special revenue, debt service, and capital projects funds. All annual appropriations lapse at fiscal year end.

The County Commissioners' Court, under budgetary laws established by the Texas legislature, is required to adopt an annual budget for all governmental fund types to cover all the proposed expenditures of the County government, and to levy a tax sufficient, when considered with other revenues and available funds, to provide for these expenditures. Once the budget is approved, no expenditures may be made except in strict compliance with the budget. Emergency expenditures in case of grave public necessity, to meet unusual and unforeseen conditions which could not, by reasonably diligent thought and attention, have been included in the original budget, may from time to time be authorized by the Court as amendments to the original budget. The Commissioners' Court is the sole agency having discretionary power to determine existence of such facts as would constitute an emergency justifying a budget amendment.

The following procedures are followed in establishing the budgetary data reflected in the financial statements:

- a. Prior to June 15, the County Auditor, as the County's Chief Budgetary Officer, will submit to the Commissioners' Court a proposed operating budget for the fiscal year commencing the following October 1.
- b. After the presentation of the proposed budget and prior to September 1, the Commissioners' Court will conduct a series of hearings with the individual department heads to review and analyze their expenditure reports. These meetings are all open to the public to encourage public comment.
- c. Prior to September 15, the Commissioners' Court will finalize the proposed budget and file it with the County Clerk.
- d. Prior to October 1, two public hearings will be held to receive citizen input, adopt the budget, and set the tax rate for the coming budget year.
- e. All budget amendments are approved by the Commissioners' Court. From time to time, during the period covered by these financial statements, supplemental budget amendments were required and approved by the Commissioners' Court, under the provisions outlined above. Budgeted amounts presented in these financial statements are inclusive of any amendments made during the period October 1, 2009 through September 30, 2010.
- f. Budgets for the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Projects Funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America for governments, using the modified accrual basis of accounting.
- g. By law, appropriations for the total County budget cannot exceed the total resources that will be available for the year as forecasted by the County Auditor.
- h. The level of budgetary control (that is the level at which expenditures may not legally exceed appropriations) is established by organization within an individual fund.

Combining Statements and Budget Comparisons as Supplementary Information

This supplementary information includes financial statements and schedules not required by the Governmental Accounting Standards Board, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

STATISTICAL SECTION

This part of Lubbock County, Texas's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

Contents	Page
Financial Trends	155-160
These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	404 469
Revenue Capacity	161-168
These schedules contain information to help the reader assess the factors affecting the County's ability to generate its property and sales taxes.	
Debt Capacity	169-172
These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
Demographic and Economic Information	173-175
These schedules offer demographic and economic indicators to help the reader understand how the County's financial activities take place and to help make comparisons over time and with other governments.	
Operating Information	176-180

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

These schedules contain information about the County's operations and resources to help the reader understand how the County's financial information relates to the services the County provides

and the activities it performs.

Independent Auditor's Report

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Commissioners' Court Lubbock County, Texas P.O. Box 10536 Lubbock, Texas 79408

Members of the Commissioners' Court:

We have audited the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Lubbock County, Texas as of and for the year ended September 30, 2010, which collectively comprise the Lubbock County, Texas's basic financial statements and have issued our report thereon dated February 21, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Lubbock County, Texas's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Lubbock County, Texas's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Lubbock County, Texas's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2010-1 to be a material weakness.

A significant deficiency is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2010-1 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lubbock County, Texas's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, management, others within the entity, the Commissioners' Court, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditor's Report

Report on Compliance with Requirements Applicable

To each Major Program and on Internal Control over Compliance
In Accordance With OMB Circular A-133

Commissioners' Court Lubbock County, Texas P.O. Box 10536 Lubbock, Texas 79408

Members of the Commissioners' Court:

Compliance

We have audited the compliance of Lubbock County, Texas with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended September 30, 2010. Lubbock County, Texas's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Lubbock County, Texas's management. Our responsibility is to express an opinion on Lubbock County, Texas's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Lubbock County, Texas's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Lubbock County, Texas's compliance with those requirements.

In our opinion, Lubbock County, Texas complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended September 30, 2010.

Internal Control Over Compliance

Management of Lubbock County, Texas is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Lubbock County, Texas's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular

A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Lubbock County, Texas's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we considered to be material weaknesses, as defined above.

This report is intended solely for the information and use of the audit committee, management, others within the entity, the Commissioners' Court, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

LUBBOCK COUNTY, TEXAS

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED SEPTEMBER 30, 2010

B. Financial Statement Findings

2010-1

Lubbock County, Texas has executed a contractual depository agreement with a financial institution. This agreement, among other issues, provides assurances that all funds of Lubbock County, Texas will be adequately collateralized. Not all funds within Lubbock County, Texas are maintained at this institution and, therefore, were not fully secured at all times during the current period.

C. Federal Award Findings and Questioned Costs
