CAREER
Work Life Balance
Women's Health and Cancer Rights Act: If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for: All stages of reconstruction of the breast on which the mastectomy was performed; Surgery and reconstruction of the other breast to produce a symmetrical appearance; Prostheses; and treatment of physical complications of the mastectomy, including lymphedema. These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. If you would like more information on WHCRA benefits, call your plan administrator as identified at the end of these notices.

Newborn’s and Mother’s Health Protection Act (NMHPA): Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan for the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). Mental Health Parity Act (1996) (MHPA) and Mental Health Parity and Addictions Equity Act (2008) (MHPAEA): The Lubbock County medical plan complies with the Mental Health Parity Act of 1996 ("MHPA"). Pursuant to such compliance, the annual and lifetime limits on Mental Health Benefits, if any, will not be less than the annual and lifetime plan limits on other types of medical and surgical services (if any limits apply). The plan does utilize cost containment methods, applicable for Mental Health Benefits, including cost-sharing, limits on the number of visits or days of coverage, and other terms and conditions that relate to the amount, duration and scope of Mental Health Benefits.

Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP): If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be able to file for premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov. If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available. If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for your employer-sponsored plan. If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you’re not already enrolled. This is called a ‘special enrollment’ opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you or your dependents are determined not to be eligible for coverage, you may be denied coverage for 1 year. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.dol.gov/whd or call 1-877-888-2424 (TDD for persons who are deaf or hard of hearing). To see if you and any other states have added a premium assistance program since January 31, 2019, or for more information on special enrollment rights, contact either:

Notice of Opportunity to Enroll in Connection with Extension of Dependent Coverage to Age 26 Notice: Individuals whose coverage ended, or who were denied coverage (or were not eligible for coverage), because the availability of dependent coverage of children ended before attainment of age 26 are eligible to enroll in Lubbock County insurance plan. Individuals may request enrollment for such children for 30 days from the date of notice. Enrollment will be effective retroactively to 10/1/20. If you would like more information, contact your Plan Administrator.

Notice Lifetime Limit No Longer Applies & Enrollment Opportunity: The lifetime limit on the dollar value of benefits under Lubbock County benefit Plan no longer applies. Individuals whose coverage ended before attainment of age 26 are eligible to enroll in the plan. Individuals have 30 days from the date of this notice to request enrollment. If you would like more information contact your Plan Administrator.

Your Prescription Drug Coverage and Medicare: Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Lubbock County and about your options under Medicare’s prescription drug coverage. This information will help you decide whether you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice. There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. Lubbock County has determined that the prescription drug coverage offered by the Lubbock County Medicaid Plan is, on average, for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan? You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide To Join A Medicare Drug Plan? If you decide to join a Medicare drug plan, your current coverage with Lubbock County will not be affected. You and/or your dependents can keep this coverage if you elect Part D and this plan will coordinate with Part D coverage. If you do decide to join a Medicare drug plan and drop your current coverage, be aware that you and your dependents will be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan? You should also know that if you drop or lose your current coverage with Lubbock County and then join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later. If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nine months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage, contact the person listed below for further information. NOTE: You’ll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Lubbock County changes. You may also request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage, More detailed information about Medicare plans that offer prescription drug coverage and about your options under Medicare’s prescription drug coverage is at the end of this notice. You’ll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans. For more information about Medicare prescription drug coverage:
Coverage After Termination (COBRA) - Health Coverage:

You’re getting this notice because you recently gained coverage under a group health plan (Lubbock County Group Health Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This notice explains COBRA events: Your spouse dies; Your employment ends; Your employment hours are reduced; Your drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Disability extension of 18-month period of COBRA continuation coverage: If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 36 months of COBRA continuation coverage.

Second qualifying event extension of 18-month period of continuation coverage: If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months of COBRA continuation coverage, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage? Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, Children’s Health Insurance Program (CHIP), or other group health plan continuation coverage (such as a spouse’s current employer plan). For more information: [Contact information: pay or aren’t required to pay] for COBRA continuation coverage. If you’re an employee, you’ll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events: Your hours of employment are reduced, or Your employment ends for any reason other than your gross misconduct.

Can I enroll in Medicare instead of COBRA continuation coverage after my group health plan coverage ends? In general, if you don’t enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period to sign up for Medicare Part A or B, beginning on the earlier of: The month after your employment ends; or The month after group health plan coverage based on current employment ends. If you don’t enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Medicare later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage. If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.

Health Insurance Marketplace Coverage Options and Your Health Coverage

PART A: General Information: When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment based health coverage offered by your employer.

What is the Health Insurance Marketplace? The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers “one-stop shopping” to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. The savings on your premium that you're eligible for depends on your household income.

Can I Save Money on my Health Insurance Premiums in the Marketplace? You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace? Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. The cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information? For more information about your coverage offered by your employer, please check your summary plan description or contact Human Resources. The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area. An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

PART B: Information About Health Coverage Offered by Your Employer: This section contains information about any health care coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

Here is some basic information about health coverage offered by this employer:

- Eligible employees are Full time employees who work 30 hours per week and have completed the newly eligible 30 day waiting period. Coverage begins the first day of the month following the first 30 days of employment.
- Eligible dependents include the employee’s spouse and eligible dependent children up to age 26.

This coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages. ** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount. If you decide to shop for coverage in the Marketplace, HealthCare.gov will guide you through the process.

Here’s the employer information you’ll enter when you visit HealthCare.gov to find out if you can get a tax credit to lower your monthly premiums.

Special Enrollment Notice: If you are declining enrollment for yourself or your dependents including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents’ other coverage). However, you must request enrollment within 30 days after your or your dependents’ other coverage ends (or after the employer stops contributing toward the other coverage). In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents.

However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption. Finally, if you or an eligible dependent has coverage under a state Medicaid or child health insurance program and that coverage is terminated due to a loss of eligibility, or if you or an eligible dependent become eligible for state premium assistance under one of these programs, you may be able to enroll yourself and your eligible family members in the Plan. However, you must request enrollment no later than 60 days after the date the state Medicaid or child health insurance program coverage is terminated or the date you or an eligible dependent is determined to be eligible for state premium assistance.

To request special enrollment or obtain more information, contact the plan administrator listed below.
